Debris Netting

Debris netting is durable, heavy duty plastic netting for use on scaffolding to protect pedestrians and traffic from falling debris.

Additionally, this construction net allows air circulation and considerably reduces rain and wind penetration which improves the working environment for construction personnel.

This roll has eyelets at the top, centre and bottom of the netting.

Specification – 40gsm

Size – 2m x 50m, 3m x 50m, 2m x 20m

UV Rating – 3%

The mesh size on our netting measures approx.. 3-5mm.

A full range of cable ties is also available in black, blue, clear, green, red, orange and yellow. They are supplied in packs of 100 and are 4.8x300mm.
