## Pressed Half Swivel

Pressed Half Swivel clamp by Strongforge, this scaffolding fitting is used in fabrication to create components and accessories for use on scaffolding or with 48.3mm tubing. This fitting has a 17mm diameter hole in the back and the lip of the fitting that grips the tube allows 8mm for a bolt to go inside without obstructing the tube.

All of our pressed scaffolding fittings are zinc plated for longer life.

- Suitable for 48.3mm tube
- Weight – 0.5kg
- Material – Zinc plated steel

[Our pressed half swivels can be ordered online by clicking here.](#)
